**WHAT'S NEW, CHANGED, OR CLARIFIED:**

- Part C requires that the total amount of state and local funds budgeted for expenditures in a previous fiscal year be maintained in the current fiscal year, as in maintenance of effort;
- Funds expended by private, non-profit agencies are not included in the definition of state and local (government) funding, unless the funds originated from a state or local funding source; and
- Funds raised by a private agency and donated to a state or local government agency for services would be included as state and local government monies.

**ACTION:** No Further Action Needed at this Time.
